LIFETIME
WARRANTY

Lifetime Warranty

on glass surfaces

NAGA products undergo strict quality control; we therefore give a lifetime warranty on all board surfaces in glass. The guarantee does not apply in cases of misuse, improper use or other uses than a board mounted on indoor walls. The warranty can only be honored if the customer can show the original receipt. The customer must return the defected board to NAGA, who can either exchange the board to a new one, or refund the sales price. In addition to the above mentioned the customer's statutory right of complaint applies.

Danish design on your wall

Magnetic glass board

with write on/wipe off function

NAGA magnetic glass board is the modern version of a whiteboard. It has the same features, and is at the same time a decorative element.

You can write on the board with a chalk marker or with a regular whiteboard marker. Once the text has dried, you can easily wipe the board clean with a chalkboard eraser or a dry cloth. You can also stick various accessories onto the board with super strong magnets. Naga glass boards are available in different sizes and in a variety of colours.

Please note!

You can only use Super Strong Magnets on your magnetic glass board.

Easy mounting instruction for the magnetic glass board

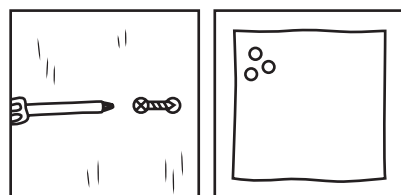

The board is supplied with inclusive screws, plugs and a drilling template

- 1.** There is metal on the back of the board. The metal back is prepared with holes.
- 2.** Attach the adhesive drill template on the top of the holes on the back.
- 3.** Mark the center of each hole on the line with a pen.

- 4.** Attach the adhesive drill template to the wall, use a spirit level to ensure that the line is placed straight horizontally.
- 5.** Drill two holes through the template.
- 6.** Put the plugs into the holes.

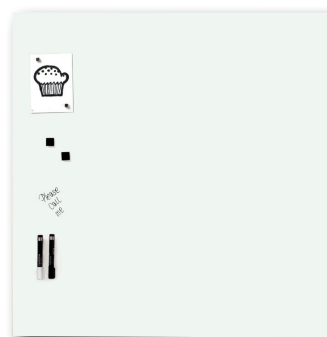

- 7.** Screw in the screws.
- 8.** Hang the glass board on the screws. Your glass board is ready for use.

Super Strong magnets only on your glass board

There is metal on the back of the glass board.
The magnet attaches to the metal through the glass.

Using a NAGA Chalk Marker

Watch the video!
Scan the QR-code and
see an instruction how
to use a NAGA marker.

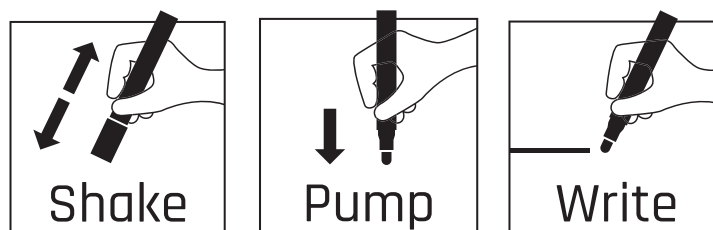

Dry erase

Based on liquid chalk.
Easy to wipe off, when it is dry.
Use a dry cloth or a board eraser.

Quick instruction for use:

1. Shake well with the cap on.
2. Pump until the nib fills with ink.
3. Write or draw.

After use, replace the cap tightly and store horizontally.

Opportunity of sales display

and accessories.

Packaging and Display

Our packaging has been developed in order to present the colours and materials of our products in the best possible way. All packaging is streamlined, which makes our products easy to identify and ensures optimal display solutions at the point of sale. Furthermore, we offer a variety of display solutions to support the right product presentation.

The board is delivered in a gift box with one marker and two Super Strong Magnets. The marker will be in black or white depending on the color of the board.
